COMPANY OVERVIEW

Orion AgriScience is a leading supplier of crop protection products in New Zealand. Our focus is delivering practical and effective solutions to better meet the needs of the farming industry.

Our expansion into animal health products enables us to apply the same core principles across an even broader product offer. With an extensive global supply network Orion AgriScience searches out the best products to help New Zealand farmers and growers maintain their competitive edge.

Orion AgriScience products are designed for New Zealand and trusted to perform under local conditions.

PRODUCT GUARANTEE

At Orion AgriScience we aim to deliver unbeatable quality and value. We are so confident in the performance of our products we back them up with a 100% money back guarantee. If a product is used correctly in accordance with the label recommendations and a user is not satisfied, Orion AgriScience will provide either replacement product or arrange a refund on the purchase.

BACKUP & SUPPORT

With experienced field staff covering the length and breadth of the country Orion AgriScience has a support team that is committed to product backup and service. For general enquiries 0800 6746627 is a convenient free phone service. For more specialised local advice and recommendations contact your local Orion AgriScience representative. For details see back cover or visit www.orionagriscience.co.nz.

AGREWARDS

The AgRewards program enables growers to accumulate points when they selected Orion AgriScience Maize products from their rural retailer. AgRewards points can be redeemed for over 1000 rewards including fun experiences, adventure, treats and merchandise items. Just about anything from an automatic camera to a bungee jump. An amazing selection of rewards awaits at www.agrewards.co.nz to tempt farmers, growers and contractors into the program. Adventure rewards are offered nationwide, and of course merchandise rewards can be shipped throughout New Zealand. Members can also collect points towards travel of their choice, and platinum rewards allow members to choose their own reward if they want a gift that isn't offered on the site. Points are valid for two years from the time they are entered into your account, and members can pay cash for a portion of their rewards as long as they have at least half the points value required for redemption.

The AgRewards program offers a great opportunity for customers to gain a real choice of rewards for their loyalty to Orion AgriScience products. For more information visit www.agrewards.co.nz

AGRECOVERY

Orion AgriScience is proud to support the AgRecovery program which provides farmers, growers and contractors with a nationwide agricultural container recycling scheme, and a program for the collection of unwanted chemicals. For more information visit www.agrecovery.co.nz.

MAIZE PLANT BACK GUARANTEE

Orion AgriScience can help remove some of the risks associated with growing a maize crop by offering to replace the pre-emergent herbicide free of charge, as well as contributing \$40.00 per hectare to help cover application costs in the event of your maize crop needing to be replanted within one month of sowing.

Growers must firstly register by going to the Orion AgriScience website and completing the required details. Some conditions apply so please visit www.orionagriscience.co.nz, today or call us on 0800 674 6627 and we will direct you to your local Territory Manager for assistance.

Orion AgriScience Pre-Emerge Maize Products include:

- Cutter
- Ace
- Atragranz
- Sylon
- Atraflow
- Deal 510 Glyphosate

Orion AgriScience Post-Emerge Maize Products include:

- Corvette
- Dominator
- Bandit
- Atraflow
- Synoil
- Cypher
- Orion Nico Ultra

Registration time is limited, so please visit www.orionagriscience.co.nz, today for details or call us on 0800 674 6627 and we will direct you to your local Territory Manager who can help you.

SYNERGY RANGE

Providing better value alternatives.

The SYNERGY Range provides quality cost effective alternative products to tackle a range of pasture and crop protection problems. With distinctive packaging and clear product names the SYNERGY range provides simple solutions for shareholders seeking a better value agrichemical alternative. The core range is focused on weed control in pasture. The SYNERGY pasture range of products is colour coded to indicate and simplify the three most important facets of lifting pasture production;

Renovation - Yellow

Improvement - Green

Maintenance - Red

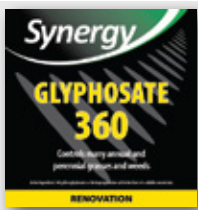

Prudent investment in better pasture management can lead to substantial productivity gains.

The SYNERGY range is a tool to unlock better pasture production.

The Synergy range has now been expanded to include products for horticulture. SYNERGY Sulphur and SYNERGY Horticultural Oil bring the same better-value commitment to horticulture that has been successfully delivered by the pasture range.

SYNERGY RANGE

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
Synergy™ Glyphosate 360 Active ingredient: 360 g/l glyphosate as the isopropylamine salt in the form of a soluble concentrate. Controls many annual and perennial grasses and weeds.	20L 200L 1000L	Roundup® 360 Pro Nufarm G360 Country Mile 360* Ravensdown 360*

Synergy™ Glyphosate 540 Active ingredient: 540 g/l glyphosate as the isopropylamine salt in the form of a soluble concentrate. Controls many annual and perennial grasses and weeds.	20L 200L 1000L	Weedmaster® TS540 Ravensdown 540*
--	----------------------	--------------------------------------

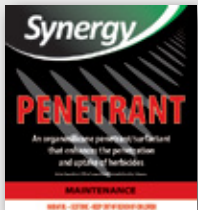

Synergy™ 680 Dry Glyphosate Active ingredient: 680 g/kg glyphosate as the mono-ammonium salt in the form of a water soluble granule. Controls weeds in agriculture, horticulture, drains, aquatic areas, forestry and other situations including general weed control.	10kg	Weedmaster® Dry Cropstar 680*
--	------	----------------------------------

Synergy™ Tribenuron 750 Active ingredient: 750 g/kg tribenuron-methyl in the form of a water dispersible granule. Controls certain broadleaf weeds in conservation tillage for new pasture.	500gm (4)	Granstar® Sero® Tillmate™
---	-----------	---------------------------------

Synergy™ Brushkiller Active ingredient: 100 g/l picloram as the amine salt and 300 g/litre triclopyr as the butoxy ethyl ester in the form of an emulsifiable concentrate. Controls a wide range of brushweeds.	20L	Tordon® XT Conquest® Triumph™ Brushkiller
---	-----	--

Synergy™ Penetrant Active ingredient: 840 g/l organomodified polydimethyl siloxane. An organosilicone penetrant/surfactant that enhances the penetration and uptake of herbicides.	20L	Pulse® Input® Boost™ Silmaxx™
--	-----	--

Synergy™ Met 600 Active ingredient: 600 g/kg of metsulfuron as the methyl ester in the form of water dispersible granule. Controls Blackberry, gorse, ragwort, thistles and a range of other scrub weeds.	500gm (4) 2kg (2)	Agpro Meturon Associate® Escort® Mustang®
---	----------------------	--

Synergy™ 2,4-D Amine 720 Active ingredient: 720 g/l 2,4-D as the diethanolamine and dimethylamine salts in the form of a soluble concentrate. Controls Wide range of weeds in new and mature pasture. Non Volatile – Low Odour.	20L 200L	Baton® Sprinter® Ammo® Max
---	-------------	----------------------------------

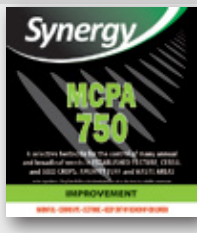

* Glyphosate

PRODUCT	PACK SIZE	COMPETITIVE BRANDS
Synergy™ 2,4-D Ester 680 Active ingredient: 680 g/litre 2,4-D as the ethylhexyl ester in the form of an emulsifiable concentrate. Controls most species of thistles, buttercup and many other flatweeds in pasture.	20L 200L	Pasture Kleen®Xtra Relay™ Super S Thistle Kill™ Ultra

Synergy™ Flumet 800 Active ingredient: 800 g/kg flumetsulam in the form of a water dispersible granule. Controls buttercup, giant buttercup, chickweed, black nightshade, mallow, fathen etc.	500gm (4)	Preside® Valdo™ Blast™
---	-----------	------------------------------

Synergy™ MCPA 750 Active ingredient: 750 g/l MCPA as the dimethylamine salt in the form of an soluble concentrate. Controls bathurst bur, black nightshade, burdock, buttercups, catsear, creeping mallow, daisy, dandelion, thistles (Californian, nodding, Scotch, sow, welter, winged, variegated), tiger weed (beggars ticks), twin cress, wild turnip and more.	20L 200L	Agritone® 750 Maestro™ Orion MCPA 750
--	-------------	---

Synergy™ MCPB/MCPA Active ingredient: 375 g/l MCPB and 25 g/litre MCPA as the sodium salts in the form of a soluble concentrate. Controls broadleaf weeds in pasture grass and white clover seed crops, peas and cereals.	20L 200L	Select® Thistro® Plus Tandem™
---	-------------	-------------------------------------

Synergy Thifen™ 750 Active ingredient: 750 g/kg thifensulfuron-methyl. A selective herbicide for the control of buttercups and docks in pasture, wheat, barley and oats and in conservation tillage programs.	500gm (4)	Harmony® Chord™ Charter™
---	-----------	--------------------------------

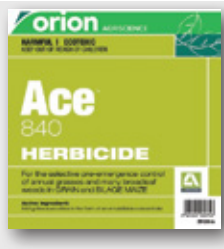

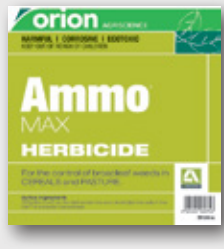

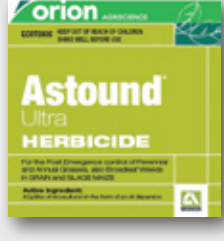

*Competitive brands are competitor products with similar uses on similar crops. These products may differ in other respects e.g. active ingredient formulation, price, efficacy, etc.

HERBICIDES

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 Ace™ Herbicide Active ingredient: 840 g/l acetochlor. For the selective pre-emergence control of annual grasses and many broadleaf weeds in grain, silage maize and sweetcorn.	20L 200L 1000L	Joker® Maize Guard®
 Ammo® MAX Herbicide Active ingredient: 720 g/l 2,4-D amine. For the control of broadleaf weeds in cereals and pasture.	20L 200L 1000L	Baton® Synergy™ 2,4, D amine Sprinter®
 Assett™ Herbicide Active ingredient: 500 g/l terbuthylazine. For the control of broadleaf and grass weeds in forestry, established Lucerne, maize, peas and sweetcorn. Asset can also be used as a non-selective, residual herbicide in non-crop areas.	5L (4) 20L 1000L	Tyllanex®, Nu-Terb® Gardoprim®
 Astound® Ultra Herbicide Active ingredient: 40 g/l nicosulfuron oleate. Used post-emergent for the control of perennial and annual grasses, also broadleaf weeds in grain and silage maize.	10L (2)	Neeko™ Oleo
 Atraflow™ Herbicide Active ingredient: 500 g/l atrazine. For the selective post-emergent control of annual grasses and broadleaf weeds in maize, sweetcorn, linseed and established lucerne.	5L (4) 20L 200L	Gesaprim® Atranex®
 Atragranz® Herbicide Active ingredient: 900 g/kg atrazine. For the selective post-emergent control of annual grasses and broadleaf weeds maize, sweetcorn, linseed and established lucerne.	10kg	Nu-Trazine™
 Bandit® Herbicide Active ingredient: 480 g/litre dicamba as the dimethylamine salt in the form of a soluble concentrate. A selective herbicide for control of certain hard to kill broadleaf weeds in conservation tillage programs and in cereals, maize, some forage brassicas, waste areas and spot treatment in pastures.	5L (4) 20L 200L	Kamba® Cutlass®

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 Bash™ Herbicide Active ingredient: 200 g/l glufosinate-ammonium. A non-selective herbicide for the control of a wide range of grasses, broad-leaved weeds and clover	5L (4) 20L	Buster®
 Beetail™ PD Active ingredient: 60 g/l phenmedipham and 160 g/l desmedipham in the form of a suspoemulsion. For use in Fodder Beet	5L (4) 10L (2)	Betanal Forte® Rifle®
 Beacon® Herbicide Active ingredient: 750 g/kg primisulfuron. Used post-emergent for the suppression of couch and Californian thistle in maize.	100gm 500gm	
 Beetron™ PM Herbicide Active ingredient: 100 g/l phenmedipham and 300 g/l metatiron in the form of a suspension concentrate. For use in Fodder Beet, Red Beet (Beetroot) and Sugar Beet. TRACKED SUBSTANCE	10L (2)	
 Blast™ Active ingredient: 800 g/kg flumetsulam. A selective herbicide for the control of certain broadleaf weeds in chicory, clover, lucerne, maize and pasture.	500gm (4)	Preside® Valdo® Synergy™ Flumet
 Brush Off® Herbicide Active ingredient: 600 g/l triclopyr as the butoxy ethyl ester. A general purpose brushweed herbicide used to control gorse, broom, blackberry and a range of other brush weeds. Does not harm grasses.	1L (6) 5L (4) 20L	Grazon® Scrubcutter®
 Charger® Herbicide Active ingredient: 750 g/kg metribuzin. For pre and post emergence weed control in asparagus, carrots, lentils, lucerne, maize, peas, potatoes and tomatoes.	2Kg (4)	Sencor®

HERBICIDES

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 Chlor-Back™ Herbicide Active ingredient: 750 g/kg chlorthal-dimethyl. A selective herbicide for the control of annual grasses and many broadleaf weeds in onions, forest nurseries and ornamentals.	10kg	Dacthal®
 Chord™ Herbicide Active ingredient: 750 g/kg thifensulfuron-methyl. A selective herbicide for the control of buttercups and docks in pasture, wheat, barley and oats and in conservation tillage programs.	500gm (2) 1kg	Harmony® Synergy™ Thifen Charter™
 Claw® Herbicide Active ingredient: 500 g/l ethofumesate. A selective herbicide for the control of barley grass and annual grass weeds in pasture and sports turf.	20L	Nortron® Ethosat®
 Colt® Herbicide Active ingredient: 360 g/l clethodim. A selective post-emergent herbicide for grass weed control in broadleaf crops and forestry.	5L (4) 1L (6)	Centurion® Xtra, Sequence®
 Corral™ Herbicide Active ingredient: 480 g/l alachlor. A selective pre-emergent for the control of certain grasses in maize, sweetcorn, soyabeans and various vegetable crops.	20L	Lasso® Micro-Tech
 Corvette™ Herbicide Active ingredient: 750 g/kg of nicosulfuron in the form of a water dispersible granule For the Post Emergence Control of Annual and Perennial Grasses and Broadleaf Weeds in Grain and Silage Maize Crops	500gm (2)	Latro® WG
 Crusader™ Herbicide Active ingredient: 200 g/l flamprop-M-isopropyl. A selective herbicide for the control of wild oats in wheat, barley and ryegrass seed crops.	20L	Stratos®

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 Cutter™ Herbicide/Insecticide Active ingredient: 840 g/l acetochlor and 6 g/l alpha-cypermethrin. For the control of greasy cutworm, and the selective pre-emergence control of annual grasses and many broadleaf weeds, in maize and sweetcorn.	10L (2) 20L 200L 1000L	
 Desiquat Herbicide Active ingredient: 200 g/l of diquat as the dibromide salt. A herbicide for Pre-harvest Dessication in Cereals and Legumens, Haulm Dessication in Potatoes and Control of Submerged Aquatic Weeds.	20L	Reglone®
 Dominator® Herbicide Active ingredient: 480 g/l mesotrione. A selective herbicide for the control of broadleaf weeds in grain and silage maize.	5Ha pack 4L 10L 20L	Primera®
 Element™ Herbicide Active ingredient: 150 g/l picloram and 225 g/l clopyralid A selective herbicide for the control of certain broadleaf weeds in fodder brassicas and radiata pine.	5L (4)	Radiate® Prestige®
 Fenican™ Herbicide Active ingredient: 285 g/l terbuthylazine and 285 g/litre diuron. For the selective pre-emergent control of fathen, jersey cudweed and other annual broadleaf weeds and grasses in asparagus, apples and kiwifruit.	20L	
 Gesamil® Herbicide Active ingredient: 500 g/l propazine. A selective herbicide for the pre-emergence control of many broadleaf and grass weeds in carrots, parsnips and in conifer seedbeds.	5L (4) 20L	
 Hurricane® Herbicide Active ingredient: 100 g/l haloxyfop-p-methyl. For the selective control of grass weeds in white clover, forestry, orchards, nurseries, non-crop areas, and certain broadleaf crops.	5L (4) 20L	Gallant® Ignite™

HERBICIDES

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 Legend™ Herbicide Active ingredient: 600 g/l mecoprop, 150 g/l MCPA and 18.7 g/l dicamba. For control of broadleaf weeds in wheat, barley and oats.	20L	Trimec®
 Orion MCPA 750 Herbicide Active ingredient: 750 g/l MCPA as the dimethylamine salt. A selective herbicide for the control of broadleaf weeds in established pasture, cereals and seed crops, and amenity turf.	20L 200L	Agritone® 750 Maestro™ Synergy™ MCPA 750
 Mighty® Herbicide Active ingredient: 700 g/l metamitron in the form of a suspension concentrate A selective post emergent herbicide for the control of certain weeds in fodder beet, red beet (beetroot), sugar beet and mangolds. TRACKED SUBSTANCE	10L (2)	Goltix®
 Mustang® Herbicide Active ingredient: 600 g/kg metsulfuron. Used for the control of blackberry, gorse, ragwort and a range of other scrub weeds in pasture, waste areas and in forestry sites prior to planting.	1kg (4) 25kg	Agpro Meturon® Associate® Escort® Synergy™ Met 600
 Orion Nico Ultra Herbicide Active ingredient: 60 g/l of nicosulfuron plus 480 g/l methylated seed oil adjuvant in the form of an oil in water dispersion For grass and broadleaf weed control in grain and silage maize and sweetcorn	5L (4) 10L	Neeko® Oleo Latro®
 Panther® S Herbicide Active ingredient: 69 g/l fenoxaprop-P-ethyl. A selective herbicide for the control of certain grasses, including yellow bristle grass in wheat and perennial ryegrass.	1L (6) 5L (4)	Puma®S
 Pirate™ Herbicide Active ingredient: 825 g/kg diuron in the form of a water dispersible granule. For long term non selective control of most annual and some perennial weeds in established Grapes, Asparagus, Kiwifruit and Apples.	5kg	Karmex®
 PQ200™ Herbicide Active ingredient: 200 g/l paraquat. A water soluble, non-selective contact herbicide for control of many annual and perennial grasses and weeds. TRACKED SUBSTANCE	20L	Gramoxone® Flash®

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 Progard® Herbicide Active ingredient: 500 g/l prometryn. Used post-emergent for the control of annual poa and broadleaf weeds in Potatoes, Carrots, Parsnips, Onions and Peas.	5L (4) 20L	Prominent™ Gesagard®
 Quasar™ Herbicide Active ingredient: 200 g/l bentazone and 200 g/l MCPB. A selective post-emergence herbicide for use in cereals, clover, new and established pasture and peas.	20L	Pulsar®
 Release® KT Herbicide Active ingredient: 435 g/l terbuthylazine and 65 g/l hexazinone. A selective herbicide for the control of grass and broadleaf weeds in Radiata pine.	20L	
 Ruck™ Herbicide Active Ingredient: 330 g/l pendimethalin in the form of an emulsifiable concentrate A selective herbicide for the control of annual grasses and broadleaf weeds in maize, onions, peas, Carrots, transplanted lettuce, certain fruit Crops and forest nurseries.	20L	Stomp® Xtra Pendimethex®
 Simatop™ Herbicide Active ingredient: 500 g/l simazine. For selective pre-emergent weed control in Lucerne, Orchards, Vineyards, Forestry and certain Horticultural crops and control of barley grass.	5L (4) 20L	Simanex® Gesatop®
 Soft Touch™ Herbicide Active ingredient: 385 g/l MCPB. For control of a wide range of broadleaf weeds in pasture and cereal crops.	20L	Nufarm MCPB 400
 Sylon® 840 Herbicide Active ingredient: 840 g/l acetochlor.	 10L 20L 200L 1000L	Roustabout®

HERBICIDES

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 <p>Tandem® Herbicide Active ingredient: 375 g/l MCPB and 25 g/l MCPA. For the control of broadleaf weeds in pasture, grass and white clover seed crops, peas and cereals.</p>	20L 200L	Select® Thistrol™ Plus Synergy™ MCPB/MCPA
 <p>Terminator® G4 Herbicide Active Ingredient: 100 g/l glyphosate + 350 g/l terbutylazine + 60 g/l amitrole + 15 g/l oxyfluorfen A rapid knockdown and residual weedkiller providing total vegetation control in non-cropland situations. Terminator G4 will provide up to 12 months residual control.</p>	1L (6) 5L (4) 20L	Tag G2®
 <p>Thistle Killem™ Ultra Herbicide Active ingredient: 680 g/l 2,4-D ethyl hexyl ester. A broadleaf herbicide for control of most species of thistle, buttercup and many common pasture weeds in pasture and noncrop situations.</p>	5L (4) 20L 200L	Pasture Kleen® Xtra Relay™ Super S Synergy™ 2,4-D ester
 <p>Tillmate™ Herbicide Active ingredient: 750 g/kg tribenuron-methyl. A selective herbicide for control of certain broadleaf weeds in wheat, barley and oats, and in conservation tillage programs.</p>	500gm (4) 1kg (2)	Granstar® Sero® Synergy™ Triben
 <p>Topogard® Herbicide Active Ingredient: 350 g/l terbutryn plus 150 g/l terbutylazine. A herbicide for the selective post-emergent control of annual broadleaf weeds in Peas and Potatoes.</p>	10L	
 <p>Tyrant® Herbicide Active Ingredient: 200 g/l fluroxypyr as the methylheptyl ester. For the control of broadleaf weeds in cereals and apples.</p>	10L	Starane® Xtra, Tandus®
 <p>Triumph™ 2G Herbicide Active ingredient: 20 g/kg picloram. For the control of a blackberry, gorse, broom, ragwort, sweet briar, thistles, tutsan and other difficult to kill perennial weeds.</p>	450gm (6) 5kg 25kg	Tordon® 2G

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 <p>Triumph™ Brushkiller Herbicide Active ingredient: 100 g/l picloram and 300 g/l triclopyr. For the control of a range of brushweeds.</p>	1L (6) 5L (4) 20L 200L	Tordon® XT Conquest® Synergy™ Brushkiller
 <p>Triumph™ Gel Herbicide Active ingredient: 43 g/l picloram. Ready to use weed killing gel with in-built applicator for direct application onto cut stems.</p>	400ml (4) 2L 10L	Vigilant®
 <p>Triumph™ Gold Herbicide Active ingredient: 50 g/l picloram and 100 g/l triclopyr. For the control of ragwort, docks, inkweed, lupin and many other herbaceous broadleaf weeds.</p>	1L (6) 5L (4) 20L	Tordon® Gold Victory™ Gold
 <p>Viper® 90 DF Herbicide Active ingredient: 900 g/kg hexazinone. For the selective control of weeds in Pinus radiata plantations. Also used for non-selective weed and brushweed control.</p>	10kg 25kg	Velpar® DF
 <p>Void™ Herbicide Active ingredient: 300 g/l clopyralid. A selective herbicide for control of broadleaf weeds in a range of crops, turf, forestry and pre-cultivation.</p>	1L (6) 5L (4) 20L	Versatill® Archer®
 <p>Wallop™ Herbicide Active ingredient: 240 g/l of carfentrazone-ethyl in the form of an emulsifiable concentrate. For use in mixtures with systematic and knockdown herbicides to improve the range of weeds controlled and speed of knockdown and also for desiccation of seed potato haulms.</p>	1L (6)	Hammer
 <p>Weedenz™ Rapid Herbicide Contains 700 g/l of plant derived fatty acids in the form of an emulsifiable concentrate. Rapid knockdown activity desiccates and kills a rabge if annual weeds and grasses. Repeat spraying can kill some perennial weeds.</p>	5L (4) 20L 200L 1000L	AgPro Bio-Safe Hitman®

INSECTICIDES

GRAIN PROTECTION RANGE

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 Actellic® 50EC Insecticide Active ingredient: 500 g/l pirimiphos-methyl. A broad spectrum insecticide for use in grain, grain stores and for residual fly control. Also effective at controlling wasp nests.	1L (6) 5L (4)	Silo® 500 EC
 Actellic® Dust Insecticide Active ingredient: 20 g/kg pirimiphos-methyl. A broad spectrum insecticide for use as a grain admixture and for fly control in industrial and domestic buildings, refuse tips and abattoirs. May be added to grain for human or animal consumption to control established infestations or prevent infestation.	10kg 20kg (2x10kg)	Silo® Dust
 GrainMaster® SuperSmoke® Insecticide Smoke Generator Active ingredient: 100 g/kg pirimiphos-methyl and 50 g/kg deltamethrin. For the control of beetles, mites, moths and weevils in Silos and Grain stores.	60g (12)	
 Ambush® Insecticide Active ingredient: 475 g/l pirimiphos-methyl and 25 g/l permethrin. A broad spectrum insecticide for use on avocados, citrus, flowers and ornamentals, glasshouse tomatoes and cucurbits, grapes, kiwifruit, persimmons, vegetable and fodder brassicas.	5L (4) 20L	Attack®
 Apostle™ Insecticide Active ingredient: 18 g/l abamectin. For use in a range of fruit crops and ornamentals for the control of feeding mite pests.	5L (4)	Avid®
 Applaud® Insect Growth Regulator Active ingredient: 440 g/l buprofezin. For the control of mealybugs, scales, Froggatt's apple leafhopper and whitefly on pipfruit, grapes, golden queen peaches, citrus, kiwifruit, tamarillo, persimmon and glasshouse crops	5L (4)	Mortar™
 Chlor-P™ 480EC Insecticide Active ingredient: 480 g/l chlorpyrifos. A broad spectrum insecticide for use in a wide range of arable and fruit crops. TRACKED SUBSTANCE	5L (4) 20L	Lorsban®
  Cypher® Insecticide Active ingredient: 100 g/l alpha-cypermethrin. A pyrethroid insecticide for the control of a range of insects in fruit, vegetables and other field crops, pasture and public health.	1L (6) 5L (4) 20L	Alpha Scud® Bestseller®

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 Diazinon 600EW Insecticide Active ingredient: 600 g/l of diazinon. For the control of insect pests in pipfruit, kiwifruit, and certain fruit, vegetable and arable crops.	20L	Dew™ 600
 Flip™ 200SC Insecticide Active ingredient: 200 g/kg fipronil. For the control of diamondback moth and white butterfly in vegetable brassicas, Kelly's citrus thrip in citrus, mushroom flies (sciarids, cecids and phorids) in mushroom and thrips in onions.	1L (6) 5L (4)	Ascend®, Recoil®
 Gesapon® 20G Insecticide Active ingredient: 200 g/kg diazinon. A granular insecticide for the control of grassgrub and porina caterpillar in pasture and carrot rust fly in carrots.	22kg	Diazinon 20G®
 Indy™ 300WG Insecticide Active ingredient: 300 g/kg indoxacarb. For the control of codling moth and leafroller caterpillars (light brown apple moth, green-headed leafroller, brown-headed roller) in apples and pears and leafroller caterpillars in grapes.	400gm	Avaunt®
 Orion Methomyl 200SL Insecticide Active ingredient: 200 g/kg methomyl. For the control of insects in cereals, pasture, fruit and vegetable crops. TRACKED SUBSTANCE.	5L (4) 20L	Lannate®
 Nuvos™ Insecticide Active ingredient: 1000 g/l dichlorvos. A broad spectrum insecticide for the control of a wide range of insect pests in many agricultural and horticultural crops. TRACKED SUBSTANCE	1L (6) 5L (4)	
 Prohive™ Insecticide Active ingredient: 500 g/kg pirimicarb. For controlling most aphid species in stonefruit, vegetable, forage and some flower crops. TRACKED SUBSTANCE	1kg	Pirimor®
   Telemark™ Insecticide/Miticide Active ingredient: 100 g/l bifenthrin in the form of an emulsifiable concentrate For the control of a wide range of insects in Kiwifruit, Vegetable Brassicas, Tomatoes, Kabocha and Pumpkins	1L (6) 5L (4)	Talstar Venom

FUNGICIDES

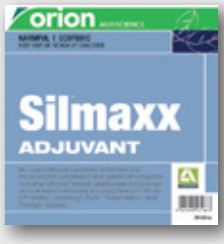

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 Blizzard™ 720SC Fungicide Active ingredient: 720 g/l chlorothalonil. For the control of fungal diseases in fruit, vegetables, wheat, ornamentals and turf. TRACKED SUBSTANCE	10L (2)	Bravo®
 Compass® Fungicide Active ingredient: 430 g/l tebuconazole. A systemic fungicide for disease control in wheat, barley, oats, ryegrass seed crops, peas and onions.	10L (2)	Folicur®
 Manco™ Fungicide Active ingredient: 750 g/kg mancozeb. For the control of fungal diseases in a wide range of crops.	10kg	Manzate® Evolution Penncozeb® Dithane™ Rainsield
 Pendant™ Fungicide Active ingredient: 200 g/l penconazole. A fungicide for the control of powdery mildew on apples, cucurbits, grapes, peas and blackspot on apples and pears.	1L (6) 5L (4)	Topas®
 Phytospear™ Fungicide Active ingredient: 250 g/l metalaxyl. A systemic fungicide for the control of phytophthora spear rot in asparagus.	20L	Ridomil® Gold Sphinx®
 Pilot™ 250EC Fungicide Active ingredient: 250 g/l prothioconazole in the form of an emulsifiable concentrate. A systematic fungicide for disease control in Wheat, Barley and Ryegrass Seed Crops.	10L (2)	Proline®
 Pro-P™ Fungicide Active ingredient: 250 g/l propiconazole. A systemic fungicide for disease control in cereals and ryegrass seed crops.	5L (4)	Tilt®

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 Punch Up® Fungicide Active ingredient: 375 g/kg cyprodinil and 250 g/kg fludioxonil. For the control of botrytis in grapes and onions and botrytis, anthracnose and rhizopus in strawberries.	800gm (6) 4kg	Switch®
 Scarpa™ 500SC Fungicide Active ingredient: 500 g/l dimethomorph. For the control of downy mildew in grapes, lettuce and onions, and early and late blight in potatoes.	5L (4)	Sovrin® Flo
 Saprol® Fungicide Active ingredient: 190 g/l triforine. A systemic eradicator and protective fungicide of the DMI group, active against various fungal diseases on cucurbits, fruit and ornamentals.	1L (6) 5L (4)	
 Sulclean™ Fungicide Active ingredient: 800 g/kg sulphur. For the control of powdery mildew and rust diseases on apples, stonefruit, grapes, tamarillos, peas, ornamentals and other vegetables. BioGro Certified Input for Organics	10kg	Kumulus® DF Thiovit Jet® Synergy™ Sulphur 800

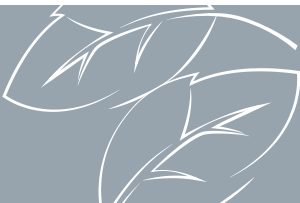

ADJUVANTS

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 Kiwi Cover™ Adjuvant Active ingredient: 950 g/l canola oil and emulsifiers. An emulsified canola oil for reducing spray drift, volatilization of spray droplets and increasing plant cover.	20L	
 Megawet™ Adjuvant Active ingredient: Polyalkoxylate siloxane. To improve spray coverage for a range of plant growth regulators, insecticides and fungicides.	5L (4) 20L	Gro-Wet™ Hywet™ Du-Wet®
 Silmaxx™ Adjuvant Organosilicone penetrant/surfactant. Active ingredient: 1000 g/l trisiloxane alkoxyolate.	1L (6) 5L (4) 20L	Pulse® Input® Boost™ Synergy™ Penetrant
 Surewet™ 1000 Adjuvant Active ingredient: 1000 mls/l alcohol alkoxyolate. A surfactant for the use in crop protection products to improve spray wetting, spreading and sticking.	5L (4) 20L	Spreadwet 1000 Actiwet® Contact-Xcel
 Synoil™ Adjuvant Active ingredient: a proprietary blend of refined white oil and polyglycol fatty acid esters. A proprietary blend of paraffinic oil and polyol fatty acid esters used to enhance the uptake and spreading of some herbicides, insecticides and fungicides.	 5L (4) 20L 200L	Uptake™ Bonza®

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 Synergy™ Foamer Active ingredient: Greater than 30% sodium lauryl ether sulphate, and 0.2% formaldehyde as a preservative. High expansion biodegradable marking foam suitable for all foam marking systems.	5L (4) 20L	Hillite Longlife
 Synergy™ No Foam Active ingredient: 200 g/l polydimethyl siloxane. Silicone emulsion foam suppressant.	5L (4) 20L	Foam Fighter® Foam-ex™
 Synergy™ Red Dye Active ingredient: 15% rhodamine. Non-acetic acid based dye.	1L (6) 5L (4)	Been There™
 Synergy™ Tank Cleaner Active ingredient: alkyl phecil ethoxylate. Liquid spray equipment cleaner that can remove pesticide residues.	5L (4)	Tanksafe™
 Synergy™ Wetter Sticker Active ingredient: 780 g/l alkyl phenol ethoxylate. Also contains 18% 2 – (2-butoxyethoxy) ethanol. Non-ionic wetter sticker and soil active wetting agent that can also be used with soil applied insecticides.	5L (4) 20L	Contact™ Low Foam

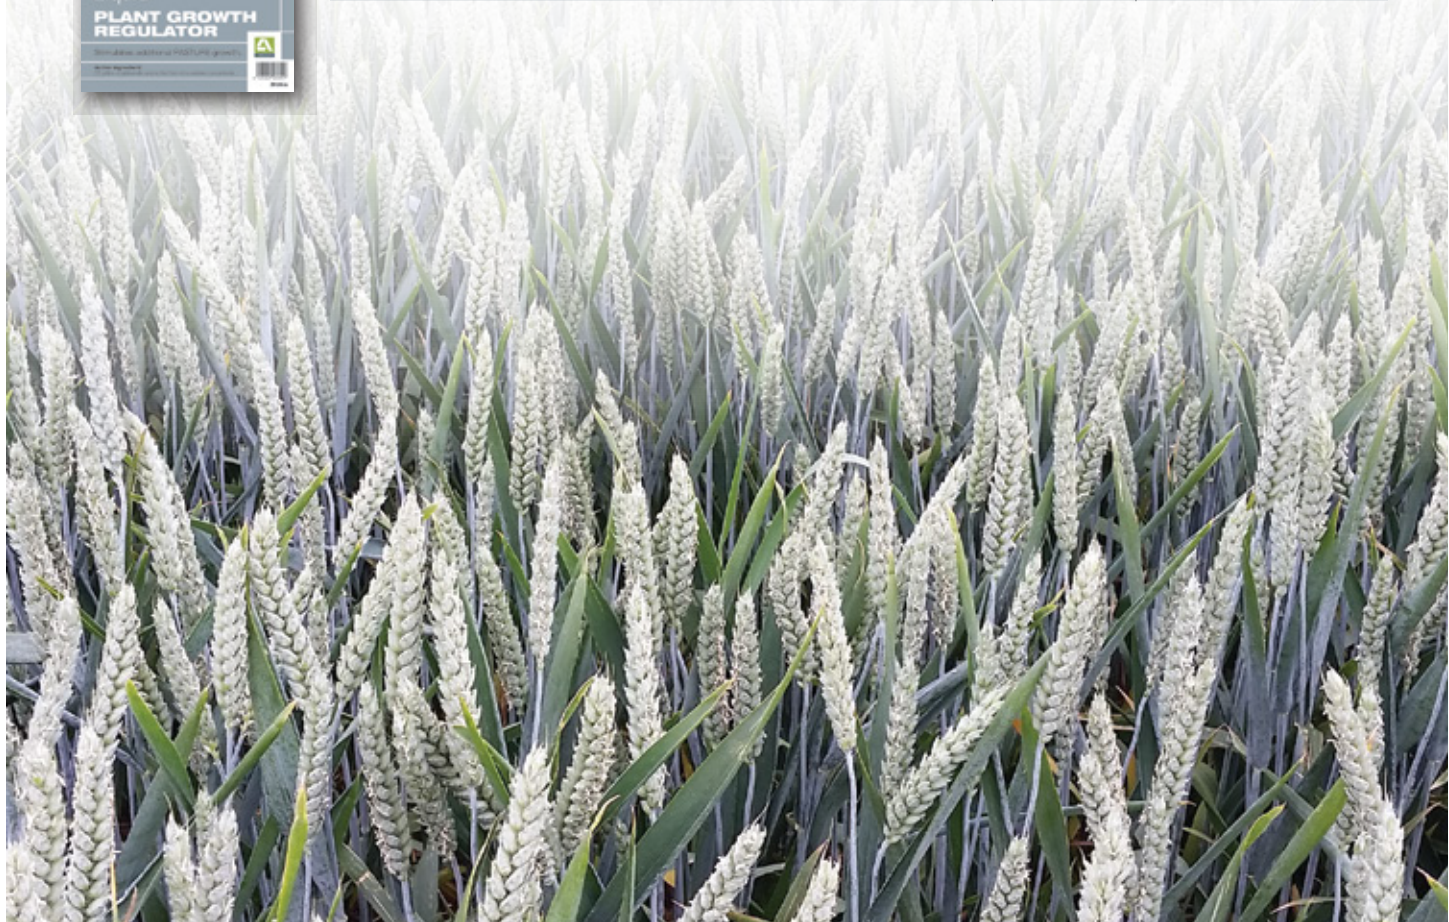

OTHER

ANIMAL HEALTH

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 Amend™ Plant Growth Regulator Active ingredient: 620 g/l chlormequat chloride. A growth regulator (pH buffered) for use in wheat and oats crops, to assist the plant to resist lodging, stem break and stimulate stronger root development. TRACKED SUBSTANCE	20L	Cycocel® Stabilin®
 Align™ Plant Growth Regulator Active ingredient: 305 g/l mepiquat chloride + 155 g/l ethephon. A growth regulator used to shorten and stiffen the straw of cereal crops to improve the resistance to lodging.	5L (4) 20L	Terpal®
 Dusk™ Slug and Snail Bait Active ingredient: 54 g/kg iron EDTA complex. Granular slug bait with outstanding safety and environmental profile. The weather resistant formulation provides enhanced durability and excellent coverage.	20kg 125kg	Slug Out® Mesurol®
 PastureGibb™ Liquid Plant Growth Regulator Active ingredient: 32 g/l gibberellic acid. Stimulates additional pasture growth.	5L (4) 20L	

PRODUCT	PACK SIZE	*COMPETITIVE BRANDS
 Anthem® Sheep Hi Min – For Sheep Contains: 37.5 g/l levamisole HCl and 23.8 g/l albendazole. Also containing 0.5 mg selenium, 0.25 mg cobalt and 2.1 mg copper. For the control of roundworm, tapeworm, lungworm and adult fluke in sheep, including roundworms resistant to benzimidazoles or levamisole.	20L	Arrest® Combination Sheep Duell® Sheep Leviben® Strategik™ Sheep
 Cyguard™ Spray-On – For Sheep Active ingredient: 60 g/l cyromazine Ready to use spray-on sheep dip for the preventative control of blowfly strike on sheep	2L (6) 10L 20L	Vetrazin® Spray-on Swat® Spray-on Cyrazin® Spray-on Lucify® Spray-on Venus™ Spray-on
 Cyguard™ Liquid – For Sheep Active ingredient: 500 g/l cyromazine. Concentrate sheep dip for the preventative control of blowfly strike on sheep.	2L (6) 20L	Vetrazin® Liquid Swat® Liquid Cyrazin® Liquid Lucify® Liquid Venus™ Liquid
 Bovaid® Combination Drench – For Cattle Active ingredient: 100 g/l albendazole and 75 g/l levamisole HCl. For the control of roundworms, tapeworm, lungworm and adult liver fluke in cattle including roundworms resistant to benzimidazole or levamisole.	10L	Arrest® C, Combination Cattle, Duell® Cattle, Strategik™ Cattle

ACTIVE INGREDIENT INDEX

ACTIVE	PRODUCT
2,4-D amine	Ammo Max, Synergy 2,4-D Amine
2,4-D ester	Thistle Killem Ultra, Synergy 2,4-D Ester
abamectin	Apostle
acetochlor	Ace, Cutter, Sylon
alachlor	Corral
albendazole	Anthem Sheep Hi-Min, Bovaid
alcohol alkoxylate	Surewet 1000
non ionic surfactant	Synergy Tank Cleaner, Synergy Wetter Sticker
alpha-cypermethrin	Cypher, Cutter
amitrole	Terminator G4
atrazine	Atraflow, Atragranz
bifenthrin	Telemark
bentazone	Quasar
buprofezin	Applaud
canola oil	Kiwicover
chlormequat chloride	Amend
chlorthal-dimethyl	Chlor-Back
chlorothalonil	Blizzard
chlorpyrifos	Chlor-P
clethodim	Colt
clopyralid	Element, Void
cyprodinil	Punch-Up
cyromazine	Cyguard Spray-on, Cyguard Liquid
desmedipham	Beetall PD
deltamethrin	GrainMaster SuperSmoke
diazinon	Gesapon, Diazinon 600EW
dicamba	Bandit, Banvel, Legend
dichlorvos	Nuvos
dimethomorph	Scarpa
diquat	Desiquat
diuron	Fenican, Pirate
ethepon	Align
ethofumesate	Claw
fenoxaprop-P-ethyl	Panther S
fipronil	Flip
flamprop-M-isopropyl	Crusader
fludioxonil	Punch-Up
flumetsulam	Blast, Synergy Flumet
fluroxypyr	Tyrant
gibberellic acid	PastureGibb Liquid
glufosinate-ammonium	Bash
glyphosate	Deal 510, GForce Max, Orion Glyphosate 360, Synergy 540, Synergy 360, Synergy 680, Turbo, Terminator G4
haloxyfop-p-methyl	Hurricane
hexazinone	Release KT, Viper
imidacloprid	Acclaim
indoxacarb	Indy
iron EDTA complex	Dusk
levamisole HCl	Anithem Sheep-Hi Min, Bovaid
mancozeb	Manco
mcpa	Legend, Orion MCPA, Synergy MCPA, Tandem, Synergy MCPB / MCPA
mcpb	Quasar, Soft Touch, Tandem, Synergy MCPB / MCPA
mecoprop	Legend
mepiquat chloride	Align

ACTIVE	PRODUCT
mesotrione	Dominator
metalaxyl	Phytospear
metamitron	Mighty, Beetron PM
methomyl	Orion Methomyl
metolachlor	Dual Gold
metribuzin	Charger
metsulfuron	Mustang, Rival Clear, Synergy Met 600
mineral oil	Synergy Horticulture Oil
natural plant oils	Weedenz
nicosulfuron	Astound Ultra
oxyfluorfen	Terminator G4
paraquat	PQ200
pendimethalin	Ruck
phenmedipham	Beetall PD, Beetron PM
picloram	Element, Synergy Brushkiller, Triumph 2G, Triumph Brushkiller, Triumph Gel, Triumph Gold
pine oils	Weedenz
pirimicarb	ProHive
plant derived fatty acids	Weedenz Rapid
polydimethyl siloxane	Megawet, Synergy No Foam
polyglycol fatty acid esters	Synoil
permethrin	Ambush
primiphos-methyl	Actellic Dust, Actellic EC, Ambush, GrainMaster SuperSmoke
primisulfuron	Beacon
prothioconazole	Pilot
prometryn	Progard
propazine	Gesamil
propiconazole	Pro-P
rhodamine B	Synergy Red Dye
sodium lauryl ether sulphate	Synergy Foamer
simazine	Simatop
sulphur	Synergy Sulphur, Sulclean
tebuconazole	Compass
terbutylazine	Assett, Fenican, Release KT, Terminator G4
thifensulfuron-methyl	Chord, Synergy Thifen
tribenuron-methyl	Synergy Tribenuron, Tillmate
triclopyr	Brush Off, Synergy Brushkiller, Triumph Brushkiller, Triumph Gold
triforine	Saprol
trisiloxane alkoxylate	Silmaxx, Synergy Penetrant
white oil	Synoil
