KEEP OUT OF REACH OF CHILDREN

Terminator[®]

G4

HERBICIDE

A rapid knockdown and residual weedkiller providing total vegetation control in non-cropland situations. Terminator G4 will provide up to 12 months residual control.

Active Ingredient:

350 g/L terbuthylazine, 100 g/L glyphosate, 60 g/L amitrole and 15 g/L oxyfluorfen in the form of a suspension concentrate.

SHAKE WELL BEFORE USE

20 Litres

PLEASE READ THE LABEL COMPLETELY BEFORE USE

HAZARD CLASSIFICATIONS: 6.1E, 6.4A, 6.8B, 6.9B, 9.1A, 9.2A, 9.3C

WARNING: ECOTOXIC

May be harmful if swallowed, inhaled or absorbed through the skin. May cause eye irritation. May cause reproductive/development damage and organ damage from repeated ingestion at high doses. Very toxic to aquatic organisms. Non-selective herbicide - very toxic to plant species. Harmful to terrestrial invertebrates.

PRECAUTIONS

APPROVED HANDLER: This product must be under the control of an approved handler during use.

STORAGE: Keep out of reach of children. Store in the original, tightly closed container, in a secure place away from feed, seed or foodstuffs. Storage of certain quantities of this product trigger specific storage requirements (Refer to Safety Note).

PERSONAL PROTECTION: Avoid contact with eyes and skin. Avoid inhalation of spray mist. When mixing or applying, wear overalls, boots, gloves, and eye protection. Clean protective clothing daily after work. Do not eat, drink or smoke while using. Remove protective clothing and wash hands and face thoroughly before meals and after work.

USE: Apply with well maintained and calibrated spray equipment. This product should only be mixed, contained in or sprayed by, equipment made from stainless steel, fibreglass, plastic, aluminium, brass or copper. A highly flammable gas may be formed from the contact of this product with galvanised or unlined steel. All spray equipment, including pumps, spray tanks, lines and nozzles should be thoroughly washed with water after each day of spraying.

DISPOSAL: Dispose of this product only by using in accordance with this label, or at a suitable landfill. Triple rinse container and add rinsate to the spray tank. Dispose of container to a suitable landfill or agricultural recycling scheme. Do not burn. Do not use container for any other purpose.

ENVIRONMENTAL: Use this product carefully. Do not contaminate aquatic environments with product, spray drift or empty container. Do not allow spray drift outside the target area to occur.

First Aid

If swallowed, do not induce vomiting. If splashed in eyes, wash out immediately with running water for several minutes. If skin or hair contact occurs, remove contaminated clothing and wash with soap and running water. If inhaled, immediately move to fresh air and rest. Maintain half upright position if breathing is difficult. Call the National Poisons Centre 0800 POISON (0800 764 766) (24 hrs) or a doctor immediately for advice.

Emergency Response

In a transport emergency call **111, Police or Fire Brigade**. For specialist advice in an emergency only, call **0800 CHEMCALL (0800 243 6225)** (24 hrs).

Spillage

Exclude non-essential people from the area. Wear protective clothing and prevent material from entering waterways. Absorb spill with inert material such as soil, sand, etc, and place in a waste container. Wash area with water and detergent, and absorb with further inert material. Dispose of safely to a suitable landfill.

Safety Data Sheet

Additional information is provided in the safety data sheet. Freephone **0800 ORIONAS (0800 674 6627)** or visit **www.orionagriscience.co.nz**.

GENERAL INFORMATION

Terminator G4 is a non-selective herbicide for the control of a wide range of annual and perennial grasses and broadleaf weeds. Terminator G4 provides rapid knockdown and residual control of weeds through both foliar and root uptake.

Terminator G4 is suitable for use around buildings, yards, fence lines, driveways, etc., and other areas where total vegetation control is required.

WARNING: Care must be taken to avoid spray drift onto the leaves of, or run off into the root zone of, desirable plants.

DIRECTIONS FOR USE

RATES OF APPLICATION

Broadcast: 20 – 25 litres per hectare (20 – 25 mL per 10 square metres) at a suitable water rate to achieve good weed coverage

Brushgun: 2 litres per 100 litres

Knapsack: 25 mL per litre

Apply no more than 2 applications per year.

MIXING

Fill the clean spray tank with half the required amount of clean water. Add Terminator G4 as required and mix well before adding the remaining water. Maintain agitation throughout spraying.

Not for use on food or animal feed crops.

WARRANTY

This formulation is warranted to contain the specified active ingredients within accepted analytical tolerance when packed. The user bears the risk for damage resulting from factors beyond the manufacturer's control. The manufacturer declines all liability for damage resulting from improper storage or use of the product.

Approved pursuant to the HSNO Act 1996, No. HSR007866

See www.epa.govt.nz for approval conditions.
