## FUNGICIDE

A SEED TREATMENT for the control of loose and stinking smut (bunt) of WHEAT and loose and covered smut of BARLEY and OATS

**Active Ingredient:**

25 g/litre tebuconazole in the form of a suspension concentrate

**SHAKE WELL BEFORE USE**

9 421004 533683

**5 Litres**

**PLEASE READ THE LABEL COMPLETELY BEFORE USE****HAZARD CLASSIFICATIONS:**

**Reproductive Toxicity Category 2, Hazardous to the Aquatic Environment Acute Category 1, Hazardous to the Aquatic Environment Chronic Category 1**

**WARNING: ECOTOXIC**

Suspected of damaging fertility or the unborn child. Very toxic to aquatic life. Very toxic to aquatic life with long lasting effects.

**PRECAUTIONS****HANDLING REQUIREMENTS:**

This product must only be handled, mixed and applied by a suitably qualified person as defined under the HPC notice 2017 Part 4C. Records of use as described in NZS 8409 Management of Agrochemicals must be kept if 3 L or more is applied within 24 hours and likely to leave the application area.

**STORAGE:**

Keep out of reach of children. Store in the original, tightly closed container, in a secure place. Storage of certain quantities of this product trigger specific storage requirements (Refer to Safety Note). When stored appropriately this product should show no significant degradation for two years from the date of manufacture. Contact your supplier for further information about the use of product that is older than this.

**PERSONAL PROTECTION:**

Avoid contact with eyes and skin. Avoid inhalation of mist during seed coating, or dust from treated seed. When mixing or applying, wear overalls, boots, gloves, and eye protection. Wear a respirator (organic vapour and particulate matter) if dust or mist could be inhaled. Wear gloves when handling treated seed. Clean protective clothing daily after work. Do not eat, drink or smoke while using. Remove protective clothing and wash hands and face thoroughly before meals and after work.

**DISPOSAL:**

Dispose of this product only by using in accordance with this label, or at a suitable landfill. Triple rinse container and use rinseate in the seed coating mix. Dispose of container to a suitable landfill or agricultural recycling scheme. Do not burn. Do not use container for any other purpose.

**ENVIRONMENTAL:**

Use this product carefully. Take all reasonable steps to ensure that this product does not cause any significant adverse effects to the environment beyond the application area. Do not apply directly into or onto water. Do not contaminate aquatic environments with product or empty container. Toxic to birds – Do not leave treated seed exposed in areas accessible to birds. Collect spillage.

**FIRST AID**

If medical advice is needed, have the product container or label at hand. If swallowed do not induce vomiting. If splashed in eyes, wash out immediately with running water for several minutes. If skin or hair contact occurs, remove contaminated clothing and wash with soap and running water. If inhaled, immediately move to fresh air and rest. Maintain half upright position if breathing is difficult. Call the National Poisons Centre **0800 POISON (0800 764 766)** (24 hrs) or a doctor immediately for advice.

**EMERGENCY RESPONSE**

In a transport emergency call **111, Police or Fire Brigade**. For specialist advice in an emergency only, call **0800 CHEMCALL (0800 243 6225)** (24 hrs).

**SPILLAGE**

Exclude non-essential people from the area. Wear protective clothing and prevent material from entering waterways. Absorb spill with inert material such as soil, sand, etc, and place in a waste container. Wash area with water and detergent, and absorb with further inert material. Dispose of safely to a suitable landfill.

**SAFETY DATA SHEET**

Additional information is provided in the safety data sheet. Freephone **0800 ORIONAS (0800 674 6627)** or visit [www.orionagriscience.co.nz](http://www.orionagriscience.co.nz)

Batch No.

Date of Manufacture

**GENERAL INFORMATION**

Capri contains 25 g/litre tebuconazole in the form of a suspension concentrate. Capri is a systemic fungicide with protective and eradicant action as seed treatment for the control of loose and stinking smut (bunt) of wheat and loose and covered smut of barley and oats.

**DIRECTIONS FOR USE**

Apply with well-maintained and calibrated equipment. Treated seed must not be used for human or animal consumption. See further precautions regarding marking and labelling of treated seed below.

Before use, shake contents thoroughly to ensure a uniform mixture is drawn off. Always use in conjunction with a proprietary seed coat binder.

**It is an offence to use this product on animals.**

**It is an offence for users of this product to cause residues exceeding the relevant MRL in the Food Notice: Maximum Residue Levels for Agricultural Compounds.**

Crop	Disease	Rate
Wheat Barley Oats	Loose and Stinking Smut (Bunt) Loose and Covered Smut	1 litre / tonne of seed. Mix with sufficient water (5 – 10 litres) to ensure complete coverage of the seed.

**APPLICATION METHODS**

Apply through correctly calibrated seed treatment equipment.

**MARKING AND LABELLING OF TREATED SEED**

Whilst Capri contains a distinctive dye, any subsequent seed treatment(s) must also be dyed to ensure treated seed is easily recognisable. Containers must be labelled as follows:

- **Seed treated with Capri must not be used for human or animal consumption.**
- **It is an offence for users of this product to cause residues exceeding the relevant MRL in the Food Notice: Maximum Residue Levels for Agricultural Compounds.**

These statements must be in bold print on the labels of treated seed containers.

**WARRANTY**

This formulation is warranted to contain the specified active ingredient within accepted analytical tolerance when packed. The user bears the risk for damage resulting from factors beyond the manufacturer's control. The manufacturer declines all liability for damage resulting from improper storage or use of the product.
